- Fully automatic, semi-automatic or manual operation.
- Built-in circuit protection to protect the controller from power surges.
- LCD Display shows current operation, including the time of day.
- Live programming allows program to be set or changed at any time, even during watering.

Installation and Programming Guide - Toro

The first version was manufactured by Hardie until the company was purchased by Irritrol. Irritrol was then purchased by Toro. So depending on when you installed your timer will depend on what procedures are required to program it. We have included several manuals as well as a video link below to help with this task.

User Guides & Installation Manuals for Irritrol Rain Dial ...

Well going from a 16-pin cable to a 20-pin resulted in a new circuit board for the gray weather proof case for the timer. The photos outline all the different changes from 2006 - present. I told you things would get a little confusing. Note: All the various user manuals have been uploaded to this website.
